MOZZO

MOZZO COLLABORATIVE SETTING

IN AND OF ITSELF

Mozzo makes for single environments that feel private, but not secluded. Space-dividing back elements and translucent panels work to create visual privacy and a sense of personal boundary.

SITUATED FOR SOCIALIZING

Some things have a way of bringing people together. Mozzo is one of them. Fully adaptable to open plan environments, the collection allows users to configure lively hubs for social and work-focused gatherings.

POWER TO THE PEOPLE

Mozzo welcomes teams—along with their devices. With optional technology integration on all lounge components and work tables, Mozzo makes it easy to plug in, stay charged, and be your most productive.

ABOUT THE DESIGNER JESS SOREL

Driven by an intense curiosity about the context in which objects are made and used, Jess Sorel's primary focus is on understanding and interpreting the world around him, with an eye on where culture and technology are trending and how it impacts the way we live, work, and play. Jess Sorel's creative work lies at the intersection of his artful approach and uncommon technical understanding.
