SWAGR

SWAGR COLLABORATIVE SETTING

SIT WITH SWAGR

Sometimes, seating should have as much personality as the people using it. That's why there's Swagr. Perfectly fit for collaborative touchdown areas, Swagr is playful, movable, colorful, and creative. If you're not having a good time, you're not doing it right.

FIT FOR THE TASK

Bring a laptop. Bring a coffee. Bring a book. Bring what inspires you. Whatever you do throughout the day, Swagr's the way to do it.

FOUR ON THE FLOOR

Swagr comprises a quartet, each unique in its own way. They work great on their own and even better together—just like the people using them.

HAVE A SEAT
AND HAVE FUN
DOING IT

Swagr brings levity to any space and situation. Inspired by the tendency of people to retreat to more casual sitting areas for everyday tasks, Swagr offers a happy medium between office chairs and more informal seats like ottomans or bean bag chairs.

The result is a whimsical family of seating made to fit everywhere from group spaces and lounge areas to private offices, conference rooms, classrooms, and more.

ABOUT THE DESIGNER 5D STUDIO

5D Studio comprises a multidisciplinary team that's passionate about all aspects of design. For Swagr, 5D Studio drew inspiration from Millennials and their comfort with informal sitting surfaces. Recognizing this, along with the need for a shape and form that supported the user, the designers incorporated play through motion and styling, encouraging multiple sitting positions.
